

## DO YOU HAVE PAKISTAN'S MATH GRANDMASTERS IN YOUR MIDST? FIND OUT BY PUTTING THEM TO THE TEST AT THE MATH CHALLENGE 2018

September, 2017

### DEAR PRINCIPAL,

After 13 years of success of Dawn In Education's DAWN Spelling Bee, and the inaugural Math Challenge by EDeQUAL, DAWN and EDeQUAL, a pioneer in technology-enabled learning solutions for Maths and Science, are organising Math Challenge 2018. Math Challenge is a high-tech, high-energy inter-school competition that will test the mathematical reasoning and analytical capabilities of the next generation of problem solvers in Pakistan.

Scheduled to take place between January and March 2018, the Math Challenge 2018 will make your students...

- Master Problem Solvers
- Quick Thinkers
- Skilled Analysts
- Excellent Team Players

This is a team-based event in which students will compete in two groups: Group 1 - Grades 7 & 8 and Group 2 - Grades 9 & 10. The competition will be conducted over four knockout rounds. The first round of the competition will be conducted in a computer lab within your school's premises to select the school team. This team will then represent your school at the subsequent three rounds, which will all be held at an external venue.

To be eligible for the competition, a minimum of 25 students from each grade (i.e. 50 per group) are required to participate. There is no limit on the maximum number of students (per grade) that can participate in the competition.

The registration fee for schools is Rs 3,300 and participation fee per student is Rs 300. The registration deadline is October 31, 2017.

To give your students – and your school – the ultimate math edge, register for Math Challenge 2018 at <http://mathchallenge.pk/registration/>. Upon registration, students will gain access to a rich database of online learning resources to test and polish their math skills – the fun way! Enclosed are posters for your school and letters for distribution for the parents.

We look forward to your school's participation at Math Challenge 2018.

Yours sincerely,

**Niloufer Patel**
